PROFILE

Enthusiastic and detail-oriented **Full Stack Developer** with a strong foundation in MongoDB, Express.js, React.js, and Node.js. Proficient in developing responsive, user-friendly web applications with a passion for solving complex problems. Skilled in HTML, CSS, JavaScript, and React with hands-on experience in Redux Toolkit, API integration, and version control. Actively seeking opportunities to leverage technical and problem-solving skills to contribute to dynamic development teams.

EDUCATION

CMR Technical Campus B Tech (Bachelor of Technology) Computer Science Engineering (CSE) (7.83 CGPA)	2020- 2024
Sri Chaitanya Junior College, Hyderabad Intermediate MPC (93%)	2018 - 2020
Nalanda High School, Hyderabad Secondary School of Certificate (9.3 CGPA)	2017 - 2018

SKILLS

Programming Languages: C, C++, Python, Java
Frontend Technologies: HTML, CSS, JavaScript, React
Backend Technologies: Express.js, Node.js
Databases: SQL, MongoDB
Other Skills: Git, OOPS, RESTful API

PROJECTS

E-Commerce Website

Developed a fully functional E-commerce Web Application to facilitate online product browsing, shopping, and order management. The application follows the **MERN stack** architecture, with a React.js front-end for a responsive and intuitive user interface, and a Node.js/Express.js back-end to handle server-side logic, API requests, and routing. Utilized MongoDB as the database to store and manage user data, product details, and order history. Implemented user authentication and authorization for secure login and role-based access.

Technologies and tools used: React.js, Express.js/Node.js, MongoDB

Personal Portfolio

Developed a dynamic and responsive Personal Portfolio Website to showcase skills, projects, certifications, and experience as a developer. Built using React.js and Next.js to leverage server-side rendering (SSR) for faster load times and better SEO performance.

Technologies and tools used: CSS, React.js and Next.js

CERTIFICATES

Advance Software engineering (Walmart – The Forage)
Python 3.x Programmer (AIMER)
JavaScript (Simplilearn)
Cloud Foundations (AWS Academy)
MERN Stack (Simplilearn)
